SAILING ACADEMY • COURSE STRUCTURE

Aventura Members certifying to charter will usually take the Basic Course upon joining unless they have previous experience. If they have previous sailing experience on vessels in the 30ft range, with inboard engines and wheel steering, they may choose to take the Advanced Sailing Course. Any course may be taken as a refresher course at a reduced rate.

Basic Sailing Course

Our Basic Sailing course consists of 21 hours of instruction designed for the student with limited or no experience in sailing, minimum 12 years old (must be accompanied by an adult) and will qualify members for chartering boats 27-32 foot in length. Included are 9 hours of classroom lecture emphasizing nautical terminology, aerodynamics of sail, boating safety, rules of the road, radio procedure, anchoring and heavy weather survival. In addition, students exercise practical sailing skills in 12 hours of lab sessions aboard 30 foot boats, with emphasis on sailing maneuvers, docking procedures and "man-overboard" recovery techniques. An additional 2 hour lab emphasizing Aventura charter policies, boat systems, and safety is given to current and prospective members. After this, you'll charter sailboats as big as 32 ft (refer to "Certification Information for Chartering" section).

Basic Lectures

1. Terminology
2. Safety – PFD's, Fire, Man Over Board, Sailing Checklists, Knot Tying
3. Rules of the Road, Aids to Navigation, Systems
4. Heavy Weather, Anchoring, Examination

Basic Labs

- I. Dockside Orientation
- II. Sailing Maneuvers, Man Over Board
- III. Docking & Sailing Review
- IV. Anchoring, Docking & Sailing Review

Coastal Navigation Course

Our Coastal Navigation course, students are introduced to navigation of coastal areas, including use of a chart, planning a cruise, dead reckoning a position and fixing a position by means of a compass and two landmarks. Also covered is navigation under conditions of reduced visibility, reading navigational aids, use of a GPS and position plots when only one landmark is observable.

Sailing Refreshers and Clinics

Our sailing refreshers and Clinics are proving to be a great way to maintain your certification status, if you haven't chartered recently. It is also a great way to maintain confidence in your skills.

Catalina Cruising Seminar

In one evening, visit all the mooring coves and best anchorages at Catalina, and learn how to make the crossing and return. With 200 color slides, you will see what to expect, and how to enjoy it.

Catalina Anchoring and Navigation

3 day Catalina Anchoring and Navigation with Exploration on a SuperBoat; may qualify you for Navigation and/or SuperBoat Certification* for the vessel you sail on.

Catalina Night Crossing and Circumnavigation

3 1/2 day Night Crossing and Circumnavigation of Catalina Island on a SuperBoat; may qualify you for Navigation and/or SuperBoat* Certification for the vessel you sail on.

*Eligible for **SuperBoat Certification** if you have 5 successful charters on Advanced vessels.
